

Additional Notes From October 1, 2020 Committee Meetings

MEMBERSHIP: Judy Johnson, Anthony Tirtoprodjo, Jonathan Ong, Co-Chairs

Judy, Anthony, Jonathan, Deanne and Leane were in attendance.

- Remember to keep the information the office has on your company up-to-date. The roster in the Member Resources area is what is used on the website, mailings, and more.
- The Membership Committee will be reusing the Qualities of a New Member document previously created and encourages all members to download it on the Member Resource page on the website.
- Judy commented on the fabulous job Jonathan and Anthony are doing as co-chairs. They are doing a great job of creating scenarios to help members think of ways to bring in new members (power partners, value in the network, solopreneurs that need to connect).
- Anthony shared that they have a brother-in-law who owns a laundromat but also created an app-based payment platform for laundromats...he is interested in joining. Through this we went through the membership criteria to see if he would be a good member (can attend regularly, can attend a 7 am meeting, can give and receive leads and actively participate, etc.).
- Jonathan commented that next on the to-do list is for the committee to meet and review the interview questions and trim them down to remove redundancies.
