

## Additional Notes From October 1, 2020 Committee Meetings

### **MENTOR/SHEPHERD: Brad Brown, Chair**

There are challenges with finding time to be a mentor, especially with current physical distancing rules. John King and Jim Tearse were the first test case of mentoring in this environment.

Vick Balian has left Carpeteria and the new rep is non-responsive. He was contacted to see if there might be someone else to use as the contact and he was unaware what was going on with them and is 100% out of the business and retired. These are all the contacts for Carpeteria that we know of:
